

AB 1776: WHAT'S AT STAKE

FOR PATIENTS & CALIFORNIA'S LIFE SCIENCES ECOSYSTEM

Join us for a briefing on **AB 1776**, antitrust legislation proposed in California that poses an existential threat to the life sciences ecosystem and patient access to care. We'll discuss **what the bill would do**, its **potential impacts on innovation, manufacturing, and access to treatments**, and **how the industry is working to oppose the measure**.

Monday, June 22

12:30 - 1:30 PM

Lunch will be provided

Marriott Marquis
